MT 600 Make-up table  
Standard Version

#### Make-up tables

- for the use with Kinoton's ST 200 E and ST 270 E non-rewind systems
- MT 600 make-up table with 1 motorized disc for 600 m (2000 ft) of film
- MT 2000 make-up table with 1 motorized disc for 2000 m (6000 ft) of film

#### Rewind tables

- with switchable clockwise/anticlockwise rotation. These are economical dual purpose alternatives to buying a rewind table and a separate make-up table.
- UT 600 rewind table with 2 motorized discs for 600 m (2000 ft) of film
- UT 2000 rewind table with 2 motorized discs for 2000 m (6000 ft) of film

#### Accessories for make-up tables:

- splice light
- storage for up to 10 film reels
- penthouse shelf
- accessory box on left or right side
- additional passive disc for 600 m (2000 ft) film

#### Accessories for rewind tables:

- splice light
- storage for up to 10 film reels
- penthouse shelf
- accessory box on left or right side
- footage counter
- arm with guidance rollers for make-up to, and break-down from, the upper and lower platters
